Don Vicente Rama Memorial National High School
HUMSS (Humanities and Social Sciences)

2020 - 2022

Don Vicente Rama Memorial National High School
Elementary And High Scahool

2009 - 2020

PROJECTS

FaceOfMind – Mental Health Awareness System

Role : TechWrite / UI/UX Designer / QA Tester

I contributed to the development of FaceOfMind by managing comprehensive testing documentation, ensuring accuracy and consistency across project phases. I created structured questionnaires and collected user data to support system validation and usability research. Additionally, I analyzed workflows and system requirements to refine user experience and improve functionality. I also conducted QA testing and coordinated updates with the development team to enhance system performance, reliability, and overall user satisfaction.

Student Sit-In Monitoring System

Role : FullStack / QA Tester

I developed a student sit-in monitoring system used for tracking laboratory usage. I built the backend and user interface using PHP and MySQL, added features for session tracking, student approvals, and basic analytics. I also implemented CRUD functions along with PDF and CSV export capabilities. Additionally, I conducted QA testing and documentation to ensure the system's accuracy, usability, and reliabilit

TECH STACK

- Frontend: HTML, CSS, JavaScript
